HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: (1) I am 18 and I am considered good looking. I am a respectable girl and think that a good reputation is certainly worth a whole lot. How can I get acquainted with some respectable young men?

(2) Don't you think a girl at a party who behaves and acts like a lady would be noticed by the men more than one who tries to act up and draw their attention?

(3) There is a young man to whom I would like to have an introduction, but I am unable to find anyone to introduce me. He seems very friendly at all times when I see him. We have been paying attention to each other for some time. Do you think there is any danger in going with him without an introduction? If so, why?

(4) When meeting a fellow on the street, who speaks first?

DIPPY DOPE.

(1) It is up to the man to take the first step toward an acquaintance. If you are really attractive you may be sure that men will seek you. If they do not, develop a pleasing personality free from vanity—that is far more important than "good looks."

(2) No, I don't think she would be, but they would have more respect for her.

(3) Of course there is danger. You don't know what kind of a man he is and have no way to find out. If you want to retain responsibility, don't speak to strange men. You will lose every shred of your reputation if you do.

(4) The girl.

Dear Mrs. Thompson: I am a girl 19 years old and very unhappy. I have been going with a young man for over two years, and he has had a chance to see how cruelly my mother has been treating me, and so has asked me to marry him. He says that he doesn't want me to stay home any longer. He is not of age, but he thinks that he could support a wife. I have visited his home and his parents were very pleasant to me. Do you think that his not being of age would make any difference? I feel that I can't stay at home any longer. Please advise me what to do. There is not a night that I don't cry myself to sleep. I think now and then.

STATE INSURANCE MEN HOLD MEET

W. H. SCHILLINGER HOME FROM IMPORTANT GATHERING IN CHICAGO.

W. H. Schillinger returned yesterday from a state meeting of the Illinois Insurance Federation in session at Chicago Friday. The business meeting was held during the afternoon with a banquet in the evening. The main object of the big session was to organize a fight against the Potts bill now pending at Springfield, which provides for state control of the insurance business, and for the compulsory state insurance of county and municipal property. Progress in the opposition to the unreasonable features of the bill developed at the Chicago meet, and the federation has secured thousands of signatures on a monster petition.

The official report of the meeting will be read at a meeting of the district association, of which Mr. Schillinger is president, to be held at the rooms of the Business Men's association Friday afternoon.

SURGICAL MAGNETS.

Paris, March 29.—In the hospitals of France magnets have been developed that will draw fragments of shrapnel to the surface from a depth in the flesh of even six inches, and electro-magnetic needles have been drawn out from a depth of more than two inches.

At the Invalids' Hotel in Buffalo, N. Y., are many an wonderful electric machine, high frequency currents, X-ray, violet rays. Then Dr. Pierce has equipped the Sanitarium with every known device to aid the sick and in the Surgical Department every instrument and appliance approved by the modern operator. The permanent cure of rupture is accomplished here without pain with local anaesthesia. Stones in the Bladder and Gravel are removed in many cases without pain and the patient can return home cured in a few days.

Dr. R. V. Pierce, nearly half a century ago, devised and used two prescriptions which were almost unfailing. They were made without alcohol or narcotics, extracted from roots and herbs by using pure glycerine and the ingredients are made public.

Dr. Pierce's Golden Medical Discovery is a tonic and blood purifier that cures pimples, blotches, sores, humor eruptions and diseases of the skin.

Nothing stands as high today in the estimation of thousands of women as Dr. Pierce's Favorite Prescription—this is a soothing nervine which cures the functional derangements and painful disorders of women. For girls about to enter womanhood, women about to become mothers and for the changing days of middle age Dr. Pierce's Favorite Prescription should always be on hand. In liquid or tablets. Write Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for free 136-page book on woman's diseases. Every woman should have one.
